

HUNTERDON COUNTY YMCA SWIMMER PROTOCOLS

Upon entering building, scan in at the Welcome Center, undergo health screening and inform Welcome Center Staff that you are here for your swim reservation.

Turn Left at the Front desk and make your way towards the hallway with special needs locker rooms, if a locker room is open, you may stop to rinse off in one of those showers. This hallway leads directly to the pool.

If a Special Needs Locker room is not open, head out to the pool where you can put your belongings down to claim your bench for your appointment. A Social Distance Ambassador can direct you to the appropriate bench/bleacher if you have any questions or are unsure.

After placing your belongings down, if you have not showered, go into the adult locker rooms to use the restroom and rinse off before your swim.

At this time due to NJ COVID Regulations: No belongings should be left in the Locker Rooms and Lockers are not available for use.

If you have reserved SOLO Lap Swim you will be the only swimmer in the lane and can place your belonging on a bench in the shallow section directly behind your lane.

If you have a regular Lap Swim reservation, you will split the lane with another swimmer. One swimmer will start in the shallow section and one in the deep section. Both swimmers will stay on their own side of the lane and rest at opposite ends of the pool. Swimmers starting in the deep section may place their belongings on the bench beneath the diving block and use the hooks available on the hot tub fence directly behind their lane.

On the 45 or if not before, exit pool, gather your belongings and exit into the adult locker rooms to shower off and change.

When using the shower please spray the shower down with disinfectant provided after use.

Exit through the locker room into main hallway and exit the building. (By leaving this way, you avoid running into new swimmers who are entering the pool for their swim reservation.)

NOTE: Youth Swim Lessons: If you are here for a lesson, after undergoing your health screening and scanning in at the Welcome Center, you may enter the Family Locker room, rinse and report to the pool deck 5 minutes prior to the start of your lesson. After lessons, exit through the Family Locker rooms. Please maintain social distancing while in the Locker Rooms.
